Thank you so much for your support.

We have been overwhelmed by the support that our families have been giving their children in this latest lockdown. We have been in contact with everyone, either directly, or through Seesaw and all of our children are receiving support, be it in school or at home, to move their learning forward and support their emotional needs. The majority of children are at home, which is the safest place for them to be and parents and carers are doing a fantastic job helping them. We know it is hard and everyone has good days and bad days - this happens in school too! Keep trying your best and remember we are always here to help, so if issues do crop up, please get in contact with us directly and we will support you in any way that we can.

A Message from Parent Info

We know that families are facing so many challenges at the moment with disruptions to school, work and family life. Parent Info has some lockdown specific articles to share with the families that we work with.

Ranging from top tips on how to cope with family life under lockdown to how to mark all those special occasions, some expert advice and reassurance can go a long way at a time like this. To access the advice please visit the Parent Info website at - <https://parentinfo.org/>

Ollee App

Ollee is a fantastic tool for children to use during this difficult time. A virtual friend for 8-11 year olds and their parents/carers, it's designed to help them express their feelings and talk about what's troubling them.
