Award Winners

Class 4 were unfortunately not with us the last week before the summer for their prize giving worship, but it was lovely to celebrate their achievements this week

and reunite the class with Mrs Peck. The whole class achieved the Archbishop of York's Young Leaders Award and various other awards recognising their brilliant achievements.

Holy Trinity Supporting Berwick Food Bank Well done to the children and families of last year's Class 3 who raised an amazing £461.49 for Berwick Community Trust through a sponsored walk at school. All the children completed around 5 miles, 50 laps of our mile track. The trust were overjoyed to receive the cheque from school this week. The fundraising was part of the class leadership project with the Archbishop of York's Youth Trust.

Cross Border Coastal Clean Up

Please join the Cross Border Coastal Clean Up on the Little Pier, Berwick Saturday 25 September, 11.30 am - 1pm. From Belhaven to Seahouses hundreds of people will be spending a little time picking up litter on their local bit of coast. Between them they will make a big difference!

STEM with the Ogden Trust

Class 4 have enjoyed creating and building K-Nex models that were funded by the Ogden Trust. Berwick Academy and the trust have been supporting the development of STEM based projects in our school leading to children being inspired by Science and hopefully choosing it as a future career.

Parking in and Around School

As the school gets back to normal please respect the local parking restrictions and be considerate to our neighbours around school. It would be a great help if those parents who can walk to school do so, or even park and walk, which would also be much better for physical and mental health as well as the environment!

Friday 22 October

Frightfully Fun Day.

Settling Back to School - Update

We are very proud of the children and the fantastic start to school that they have made this year. They have settled extremely well and are all giving of their best.

As our community has come together we have had some more cases of COVID-19 being identified. Please remember that should your child show any symptoms you should report this to school and take your child for a PCR rather than a LFD test. Hygiene, ventilation and social distancing remain the most effective measures to help to keep your families safe.

The children have come back to school looking very smart, please remember that they should either be in winter or summer uniform and not a mixture of the two. Girls uniform does not include a blue polo shirt (except on a swimming day) and should be either a blue shirt or a summer dress. As always, thank you for your support.
